

## Navistar honors top suppliers with Diamond Supplier Awards

Published by Trucks, Parts, Service on May 28, 2021

Navistar announced the names of its suppliers that have been awarded its annual Diamond Supplier Awards. This group of suppliers has played an important role in helping Navistar deliver on its Navistar 4.0 strategy and has exceeded performance expectations in four key metrics: quality, delivery, technology and cost, the company says.

“This year, our entire industry underwent challenges that none of us could have expected, but this group of suppliers played a critical role in ensuring our customers had the products and support they needed to keep the world moving during the pandemic, says Sajid Kunnummal, chief procurement officer, Navistar. “We are proud to recognize them with our Diamond Supplier Awards, our top recognition for suppliers.”

The Diamond Supplier Awards recognizes suppliers from all around the world in a variety of industries including freight and engineering services, electronics, powertrain and chassis components and advanced safety systems.

This year's recipients include:

- Buckland Global Trade Services Inc.
- Consolidated Metco, Inc.
